

Environmental and Pollution Prevention Policy

MacGregor Industrial Supplies Ltd is a forward thinking company that is committed to respecting, protecting and improving the local and global environment wherever possible. This policy provides an important statement of intent, against which this Company will be judged now and in the future.

As with any organisation we can directly manage our own activities to improve our environmental performance.

MacGregor Industrial Supplies Ltd also acknowledges and accepts its responsibility to conduct its business in compliance with applicable environmental laws and regulations which will be externally certified against BS EN ISO14001:2015.

To accomplish the foregoing, Top Management has the responsibility to:-

1. Establish an internal review procedure to identify environmental impacts of all functions within the organisation and to assess levels of compliance with applicable laws and regulations pertaining to the environment.
2. Develop a program aimed at safe-guarding the quality of the environment and achieving compliance.
3. Prevent pollution through effective measurement, monitoring and training mechanisms.
4. Promote awareness and understanding of our Environmental Policy and work programmes to all persons working for or on behalf of the organisation, giving them the responsibility and opportunity to identify and suggest environmental improvements.
5. Report annually on regulatory compliance, issues and improvements.
